12 Noon	12 Noon	8:00 A.M.	App. 4:00 P.M.

JUDGE: WILLIAM CAWLEY

SPECIAL AWARDS

There are no special awards offered for this breeding show.

In 2007 the ABBA Show Committee made the decision to judge the Group Classes (Produce of Dam, Embryo Produce of Dan and Get of Sire) at the first of the show (prior to the first class). The Committee made this decision in order to place more emphasis on these classes and help make the placings be more fair.

SPECIAL RULES

Animals must be registered in the American Brahman Breeders Association to be eligible to compete in association-sponsored shows. The Registration Certificate (or photocopy) for each entry must be available for presentation to show personnel at the time entries are verified prior to judging.

The registration number and animal identification number (number branded on animal) of (1) each animal must be entered in an individual class, (2) the sire of each get-of-sire entry and (3) the dam of each produce-of-dam entry must be listed on the entry form of each animal entered.

Entries that have not complied with rules one (1) and two (2) above will not be eligible to show, receive premium monies or earn points in the association's Register of Renown.

Animals to be eligible to be shown in group classes must be entered and shown in individual classes.

Entries will be listed numerically according to age (youngest first) in catalogs and judging schedules. Include animal identification number (number brand) as part of identification. When entering the arena for judging, the handlers will line cattle up numerically in same order.

Judges will be allowed to comment on placings in selected classes when conditions permit.

Each animal will be presented in the show ring in its natural conformation and structure without alteration or modification. Alteration or modification shall be defined to include any surgical or circulatory constriction including banding or other appearance change, save only branding, tattooing, foot trimming or dehorning. Silicone or other injections for cosmetic purposes shall be prohibited. If, to the satisfaction of the ABBA's staff, officers, executive committee or board of directors, any animal has had its natural conformation and structure altered, then said animal shall be ruled ineligible to compete until such time the executive committee and owner/owners have reviewed the case.

In cases where families, companies, corporations, etc., are operated as a unit under the same management, but have cattle also registered in the name of individual partners, said cattle, even though bearing a different ownership brand, are eligible to be shown in competition under firm name provided they have not been and will not be shown in the name of the individuals.

For females being shown in the three oldest classes, exhibitor must have a certificate of pregnancy issued by a licensed veterinarian to be presented to show officials at time of check in. The show reserves the right to perform pregnancy determination by palpation for females in the above classes at any given ABBA approved show if an official protest has been filed. For Fall Shows, only the last class of females is required to have a calf at side. The only exemption from this rule will be cows that have already weaned a calf and the registration certificate of the calf MUST be presented to the judge.

For bulls showing in the oldest class, exhibitor must have a certificate issued by a licensed veterinarian stating the bull has produced viable semen. This certificate must be available for inspection by the judge on request. All bulls will be shown with a nose ring or nose restraint with lead attached.

No exhibitor shall be permitted to show more than one produce or embryo-produce-of-dam entry per dam.

Cows that are exhibited with calves at side must be in a lactating stage. Calves must be shown and exhibited with their dams and said calves must not exceed 240 days of age on day of judging. The judge will be made aware by the ring steward of those cows whose calves are ineligible to show by this rule.

Cattle will not be allowed to show if their switches have been balled or glitter applied to their skin.

For shows to remain approved point shows by ABBA, they must maintain a 40 head average for the previous two years.

The owner of record of any registered animal entered in an ABBA-approved show and/or his/her agent, exhibitor, fitter, handler and/or representative releases ABBA and its representatives from any and all liability that seller/owner might claim as a result of injury of any kind sustained before, during, or after handling cattle for any ABBA board approved activity.

The official ABBA rules and procedures governing showing and exhibiting of registered Brahman cattle supersede any rules printed in any show
