

# Arkansas State Fair Beef Cattle Handbook

## Section 1: Market Steers

**Superintendents: Warren Williams & Joe Wallis**

Minimum weight for Market Steers is 1,000 pounds. There is no maximum weight.

Market Steer ownership deadline: July 15, 2022.

Each exhibitor is limited to two steers in the show.

All steers must have participated in the Arkansas State Fair validation program.

No bulls, stags, or horned steers may be exhibited. Only steers of beef breeding are eligible to show.

Show classes will be divided by breed by weight.

Exhibitors will declare show weights. A 5% weigh-back policy is in place for the market steer show. All class champions will be weighed back, and all steers are subject to weigh back at discretion of show management.

Market Steers will be shown in the following divisions:

- Angus Influenced
- American Influenced
- Charolais Influenced
- Chianina Influenced
- Hereford Influenced
- Limousin Influenced
- Maine-Anjou Influenced
- Shorthorn Influenced
- Simmental Influenced
- Crossbred
- Slick Sheared

Any Division may be split into classes/divisions as show management see fit by weight

### **Market Steer Show Premiums**

Payouts will be based on percentages of entries.

## **Section 2: Junior Commercial Heifers**

**Superintendent: Warren Williams & Joe Wallis**

- Commercial Heifers are defined as any crossbred female or any percentage female not eligible for registration with any purebred breed association. Minimum weight of 500 pounds.
- Commercial heifer ownership deadline: July 15, 2022
- All commercial heifers must have participated in the Arkansas State Fair validation program.
- No horned heifers or heifers with scurs will be eligible to participate.

**Commercial Heifers** will be shown in the following divisions:

- DIVISION 4001 American Commercial – Must exhibit characteristics of Brahman, Simbrah, Santa Gertrudis, Beefmaster, & Brangus
- DIVISION 4002 English Commercial – Must exhibit characteristics Angus, Hereford, Shorthorn, Red Poll, Red Angus
- DIVISION 4003 Exotic Commercial - Must exhibit characteristics Charolais, Gelbvieh, Limousin, Maine-Anjou, Salers, Simmental, Chianina, & Tarentaise

Any Division may be split into classes/divisions as show management see fit by weight.

A Champion and Reserve Champion will be named in each Division in memory of Mr. Bill Dyer. An Overall Grand Champion Commercial Heifer will be selected.

### **Commercial Heifer Show Premiums**

Payouts will be based on percentages of entries.

## Section 3: Registered Breeding Beef

**Superintendents: Warren Williams & Joe Wallis**

**Breed Show Requirements:** All breeds must have at least 5 paid entries to have a breed show. Breeds with less than 5 head will be moved to AOB. Superintendents will review entry information each year and determine eligible breeds. Any breed that does not have a recognized show will compete in AOB.

### **Open Brahman Show Classes**

The registration number and animal identification number (number branded on animal) of (1) each animal must be entered in an individual class, (2) the sire of each get-of-sire entry and (3) the dam of each produce-of-dam entry must be listed on the entry form of each animal entered.

Each animal will be presented in the show ring in its natural conformation and structure without alteration or modification. Alteration or modification shall be defined to include any surgical or circulatory constriction including banding or other appearance change, save only branding,

tattooing, foot trimming, or dehorning. Injections of foreign substances internally for cosmetic purposes, steroids, growth hormones, or stimulants is prohibited. If, to the satisfaction of the ABBA staff, officers, executive committee, or board of directors, any animal that has had its natural conformation and structure altered or been administered steroids, growth hormones or stimulants; then the said animal shall be ruled ineligible to compete until such time the Show Committee and owner/owners have reviewed the case. Any violators, both owner & fitter will be ineligible to exhibit cattle at ABBA approved shows for five years.

For bulls showing in the oldest class, exhibitor must have a certificate issued by a licensed veterinarian stating the bull has produced viable semen. This certificate must be available for inspection by the judge on request.

Cattle will not be allowed to show if their switches have been balled or glitter applied to their skin.

All animals must have a birth weight submitted to be eligible to show in ABBA Approved shows.

## **Open Brangus Show Classes**

The IBBA, and its representatives, have the authority to require such tests as they deem necessary to verify the accuracy of the classification and pedigree of exhibited Brangus animals. Said authority shall extend to, and cover the enforcement of, all show rules as adopted by the IBBA.

The registration number and animal identification number (brand or tattoo), birth date and sire of each animal entered in an individual class, and the sire of each entry, must be listed on the entry form of each animal entered.

All calves exhibited at the side of a Brangus female must be registered with the IBBA and meet all rules required for show eligibility and inspection of exhibits.

Prior to check-in, heads of breeding animals must be clipped of all hair (including topknots), and be free of scurs and/or slick spots.

Any animal found to have scurs and/or slick spots, or evidence of incisions, surgical or otherwise, in the following areas: head, testicles, sheath, navel or dewlap; including scars from caesarean sections, will be disqualified from showing. Animals with illegal white (white in front of the navel) or any indication of brindling (a color pattern characterized by red streaks mingled with black) are ineligible for show. Any animal upon check-in, which does not have a legible tattoo or brand corresponding to its registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible tattoo/brand, animals cannot be re-tattooed and rechecked at the show. The brand/tattoo can be corrected and rechecked at the next available show. All bulls (shown as individual entry) must be shown with a nose ring restraint with lead attached. Any Brangus animal recorded in the IBBA Registry that has a "Parentage Dispute" listed in its first three-generation pedigree is ineligible for participation in Brangus shows and exhibitions. If the dispute is resolved, the listing will be removed from the pedigree and show eligibility will be restored.

No animal may be shown that has had any foreign object glued to or otherwise attached in a manner so as to alter its conformation or change its appearance. Tail ties and hair nets used on the tail and switch are the only exception.

Paint or coloring agents of any kind are not to be used on any animal exhibited at IBBA sponsored shows. The use of aerosol products will not be permitted in the line-up area for the show. Animals will be towed in the line-up area prior to entering the show ring. Animals found in violation of these policies will be disqualified from the show ring.

All Brangus bulls 15 months of age or older that are exhibited at IBBA sponsored shows must have passed a fertility examination given by a licensed veterinarian to be eligible to show. The results of this examination must be available at check-in. Once a bull has a positive examination retesting is not required.

All females 20 months of age or older exhibited at IBBA sanctioned shows, must have available at the time of check-in, a certificate of pregnancy issued by an accredited, non-owner veterinarian, or blood test results certificate. If the female is open due to being in an embryo transfer program, this fact must be verified in a written statement by a non-owner embryologist. If verification cannot be produced, the female may be allowed to participate if the exhibitor can produce a qualified veterinarian to examine the female at the show site and verify pregnancy.

### **Open Charolais Show Classes**

An animal is eligible to enter or compete in an open Charolais breeding class if registered in country of origin outside the United States and is eligible for purebred registry in the AICA Herdbook.

Animals registered in the AICA Colored Division Registry (QF and QM initialed registration numbers) must meet the parameters of the AICA Color Card.

Bulls from Classes 39, 40, 43, 44, and 45 must have a valid, satisfactory semen test certificate in possession. This certificate is valid for the entire show season.

All animals shown in individual classes must be weaned, with the exception of the cow/calf classes and calves at the side of females calved after September 1 of current year. Nurse cows are not permitted.

All females 20 months and older exhibited at AICA sanctioned shows must be accompanied by a certificate of pregnancy from a licensed veterinarian or have produced fertile eggs as certified in a written statement by a licensed veterinarian or embryologist or have a calf at side.

The use of a coloring agent, flock and powder is prohibited. Use of these products will result in the immediate disqualification of a given animal at such show.

### Open Limousin/Lim-Flex Show Classes

All cattle shown including calves at the side of the dam must be: (a) 75% Limousin (NALF percentage, not actual) or greater as indicated on orange NALF registration certificates OR (b) purple-papered Lim Flex cattle as indicated by NALF registration certificates.

Percentage, fullblood, purebred, and Lim-Flex cattle shall compete in the same classes and championships.

To maintain a high degree of confidence in Limousin shows, NALF and the Arkansas State Fair reserve the right to disqualify any animal that has been fitted in an unethical manner. Unethical fitting shall include the following:

- Any use of paints, hair-coloring conditioners, colored show foam, graphite, colored powders or other substances; animals may be subject to a white-towel test.
- The addition of any hair or hair like substances, including false tail heads and false polls (false tail switches are allowed).
- The cutting, tearing, or gluing of the hide or underneath the hide or removal of tissue in an attempt to alter the shape of the animal or the injection of any gas, solid, or liquid under the hide to alter the normal conformation;
- Any products, solutions, or liquids administered internally or externally to alter the conformation of the animal. That includes the use of steroids, growth stimulants, and the act of artificially filling animals internally, which would include stomach pumping, drench tubes, or any other method.

Calves exhibited alongside dams in the cow-calf division are not eligible to show as individuals.

Animals must be solid red or black above the flanks, excluding birth marks.

### **Open Red Angus Show Classes**

Only registered Red Angus cattle in Category 1A (100%) and Category 1B (87% through 99%) will be eligible to show. This specifically excludes cattle in Category II and III. The Arkansas State Fair Red Angus Show will be conducted under a joint show provision wherein Category 1A and 1B show together in the same classes.

Each exhibitor and/or owner of Red Angus cattle entered in any Red Angus show or exhibition is required to ensure that each animal will be exhibited in its natural conformation and structure and without any alterations or modifications, with the exception of acceptable fitting, grooming, and treatment of hooves.

The addition of any hair or hair-like substances shall be considered an unethical practice and will not be allowed in Red Angus Competition.

All females 20 months of age or older (on announced date of show) exhibited at a show sponsored by the Red Angus Association of America must be accompanied by a certificate of pregnancy from a licensed veterinarian or have produced fertile eggs as certified in a written statement by a licensed veterinarian or embryologist or have a calf at side. Failure to show documentation will result in the animal being ineligible to show.
